

Appl. No.: 10/780,536
Amdt. dated July 15, 2005
Reply to Office action of April 19, 2005

REMARKS

The Official Action provisionally rejects Claims 1-22 under the judicially created doctrine of obviousness-type double patenting as being unpatentable under Claims 1-21 of co-pending Application No. 10/780,520. Without agreeing with the substance of the assertion relating to obviousness, a terminal disclaimer is submitted herewith. As noted by the Official Action, the submission of a terminal disclaimer overcomes the obviousness-type double patenting rejection. Since the only ground of rejection has now been overcome, Applicant respectfully submits that the claims of the present application are in condition for immediate allowance. It is therefore respectfully requested that a Notice of Allowance be issued. The Examiner is encouraged to contact Applicants' undersigned attorney to resolve any remaining issues in order to expedite examination of the present application.
